This . . . Is . . . Our . . .

As people linger back in nostalgic thought of their childhood days, they tend to pause in satisfying remembrance of their high school years. The football games, teachers, girlfriends, classroom buddies, and the Senior Prom re-affirm their memories that those were the "good ol' days." Sadly, they nod their heads in silence - high school life will never be the same, never.

But - OUR YEAR IS HERE. We, of Del City High, sense the special importance of this particular year for some unknown reason. Every day of this school year seems to hold a magical edge in the hearts of each student. Classroom studies, football games, pep assemblies, hallway gossip, and lunchroom lines fill the school corridors with a zestful panorama of spirit and vigor, adding vitality to life's atmosphere. Our year is special. Every second ticks away in harmonious tranquility. Our year is here splashed in a rainbow of brightness. Our year . . . is our . . . RED LETTER YEAR!

It's been great having you in my 4th hour again this year. It's going to be a lot different not seeing you next year. I know you've had a lot of bad times with James this year but stay in there and fight for him if you really love him. I wish you all the luck & happiness in the world.

It Started In The Spring . . .

Spring - a season of the year fixed with clean, clear feelings of freedom. Birds soar aimlessly over the outstretched limbs of green trees below. Students linger about, filling their lungs exuberantly with the fresh spring air. Life seems satisfying.

The spring season pushes invigorating adrenilin into the body's system. Students feel like achieving, and they do. The spring was a monumentous one, filled with outstanding accomplishments. Del City's track and baseball team rumbled through the season claiming their respective conference titles. The Del Aires, in quest of raising enough funds, finally made their exodus to Vienna, Austria.

Summer came, and students headed in separate directions. Some toiled in the summer heat while others bathed in the invigorating rays of the sun. Summer, it seemed, was just a short pause between an eventful spring and a glorious school year.

. . . And Continued Throughout

The school year was a cavalcade of happenings. Bright-eyed sophomores stepped through the school doorways, eagerly waiting to sense the newness of their surroundings. Juniors, feeling at ease, walked the carpeted halls in happiness. Seniors, with less than a year left, sighed and hoped for an unforgettable school year.

Their hopes were answered quickly. The first signs were shown in extravagant display. The young Eagle football team, scorned by the media in the preseason poll, ripped through the gridiron season, establishing themselves as a perennial power. The band worked diligently each morning, to produce an unsurpassable performance of musical ingenuity. The year seemed perfect - and it was.

Our Red Letter Year —

The school year was just a part of an eventful year. America's bicentennial celebration helped cap off one of the most illustrious occasions in the short life of Del City, Oklahoma.

The 1975-76 school year coincided smoothly with the celebration of our country's independence. Continually, we must fight setbacks and push onward. Our pursuit of the seeds of life can only blossom through our pride and integrity. Our country will undoubtedly remain as a land where the rich and the poor can live in the hands of democracy, progressing forward with the changes of today, inserting them into tomorrow. Our future looks bright, and it will be.

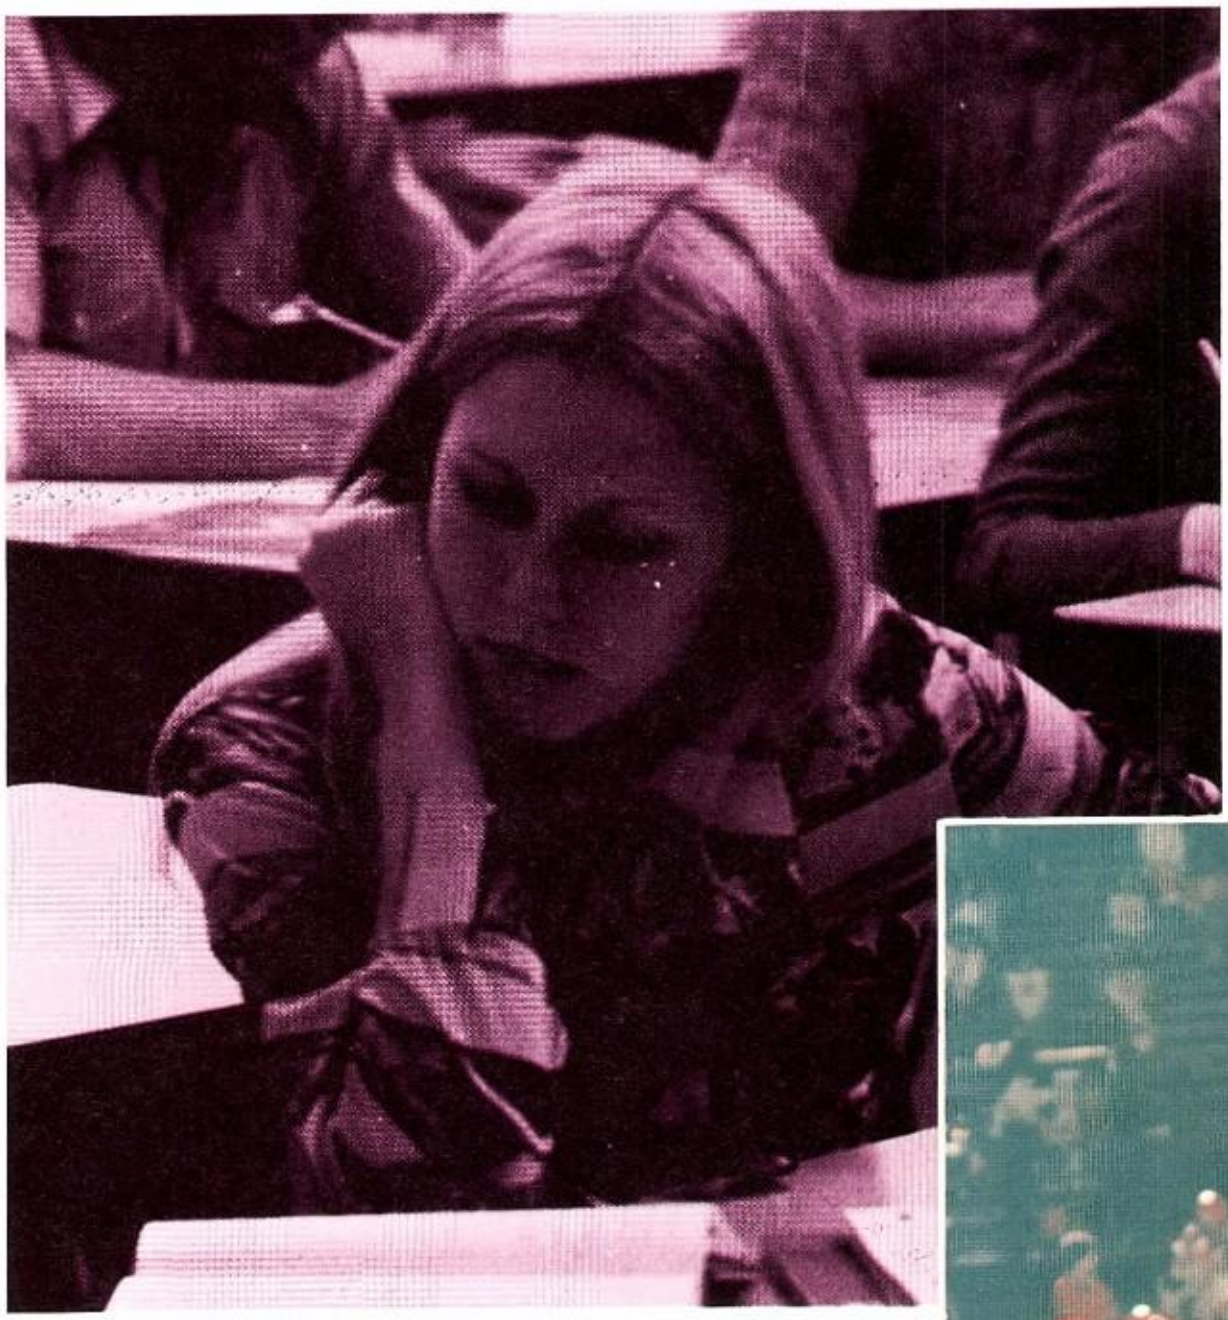
Del City Gets



School brought the hustle and bustle of many students old and new alike.

Teachers got right down to business, but studying was not the only thing the DCHS student was interested in. There was the first football game against Grant with a surprising win over the Genreals in a sudden death over-time.

As policemen directed traffic on the outside, students strolled through the halls on the inside.

Steadily but speedily DCHS was off to a fast start.

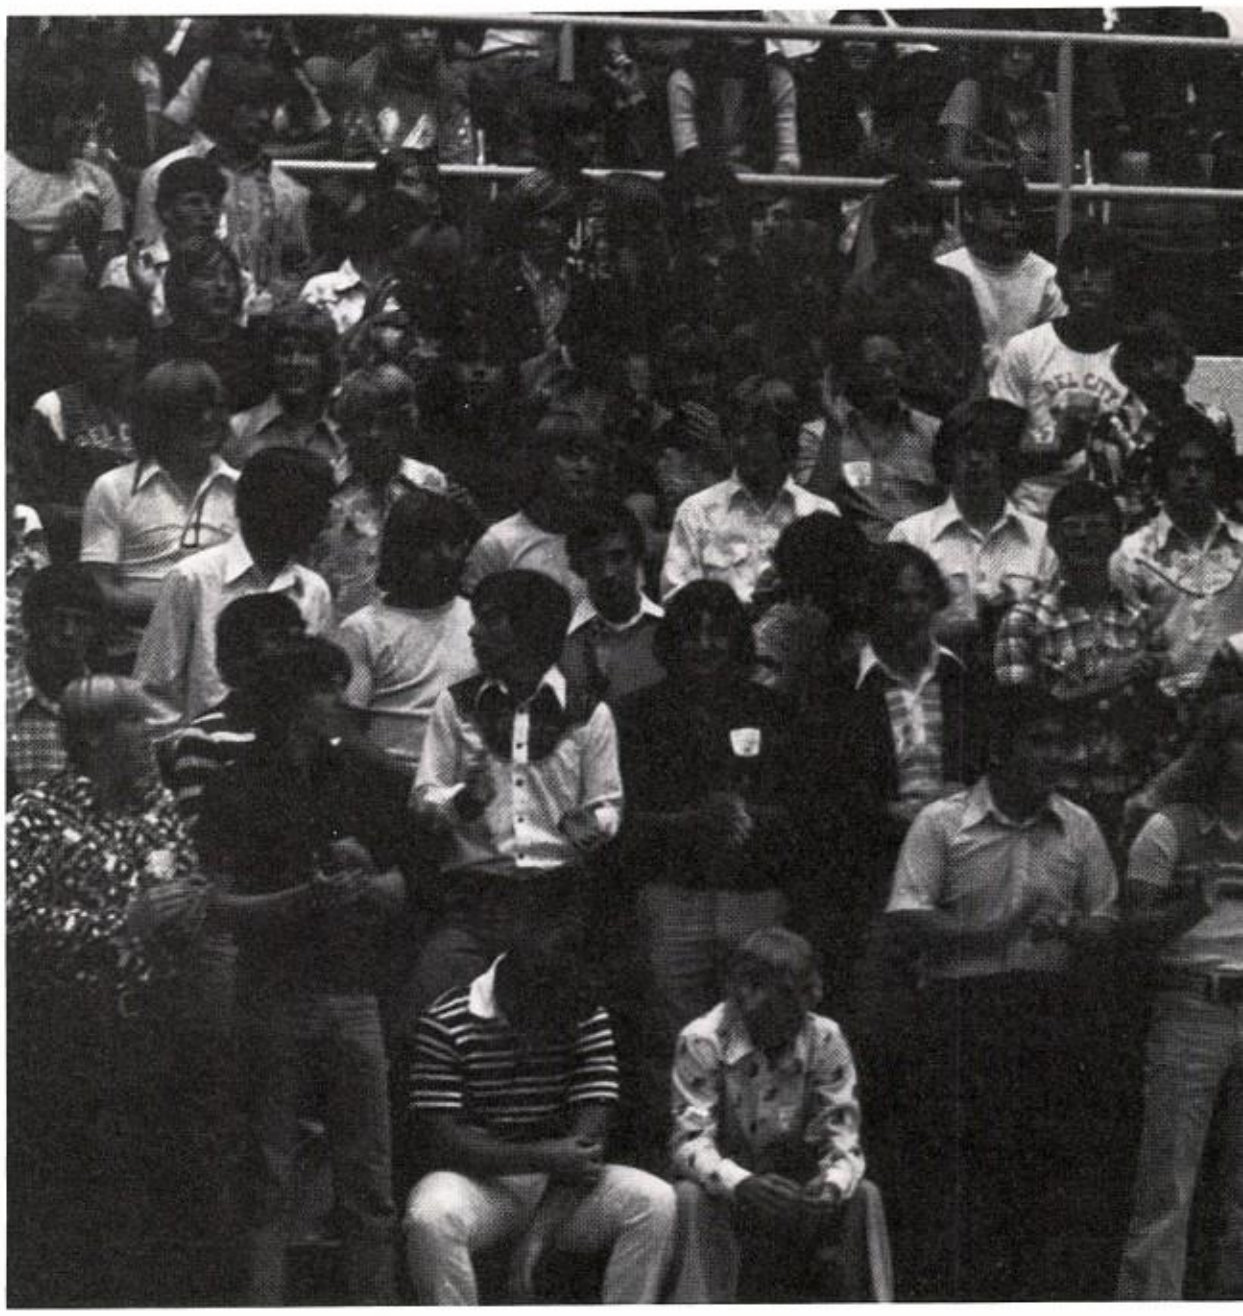
DCHS Students



After the year got rolling and students settled down from the long summer, studying was not the only thing students did.

The student body was always trying to devise ways of getting out of class; especially with the pep assembly. Pep Assemblies broke the monotony of class and at the same time brought the student body closer together with yells and skits.

Band practiced at 7:00 A.M. sharp every morning in order to perform at half time and pre-game shows.

With class elections and student council meetings, the 75-76 school year was well on it's way!

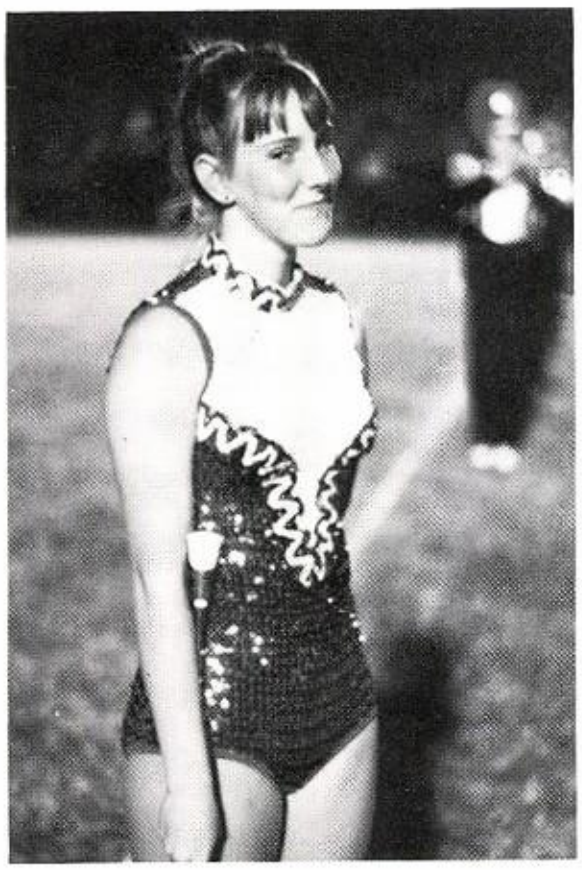
Homecoming 1975-76



The week of September 29th to October 3rd was set aside as Homecoming week in Del City. The week was filled with many activities. Store fronts supported the Eagles with win slogans and illustrations. 13 separate organizations constructed their version of a homecoming float. The homecoming parade featured Lieutenant Governor Nigh followed by the football queen candidates and attendants, 13 floats, the D.C.H.S. Band, 27 horses and about 30 decorated cars.

The pep club announced Tuesday as "Sneak up and Sock it to 'em Day," Wednesday was "Terrorize the Titans Day," Thursday was "Turn the Titans inside out," and Friday was "Red and White Day." Thursday night Eagle fans gathered at the Community Center for a pep rally. Then finally Friday night the Eagles hosted Carl Albert and defeated them 37 to 0.

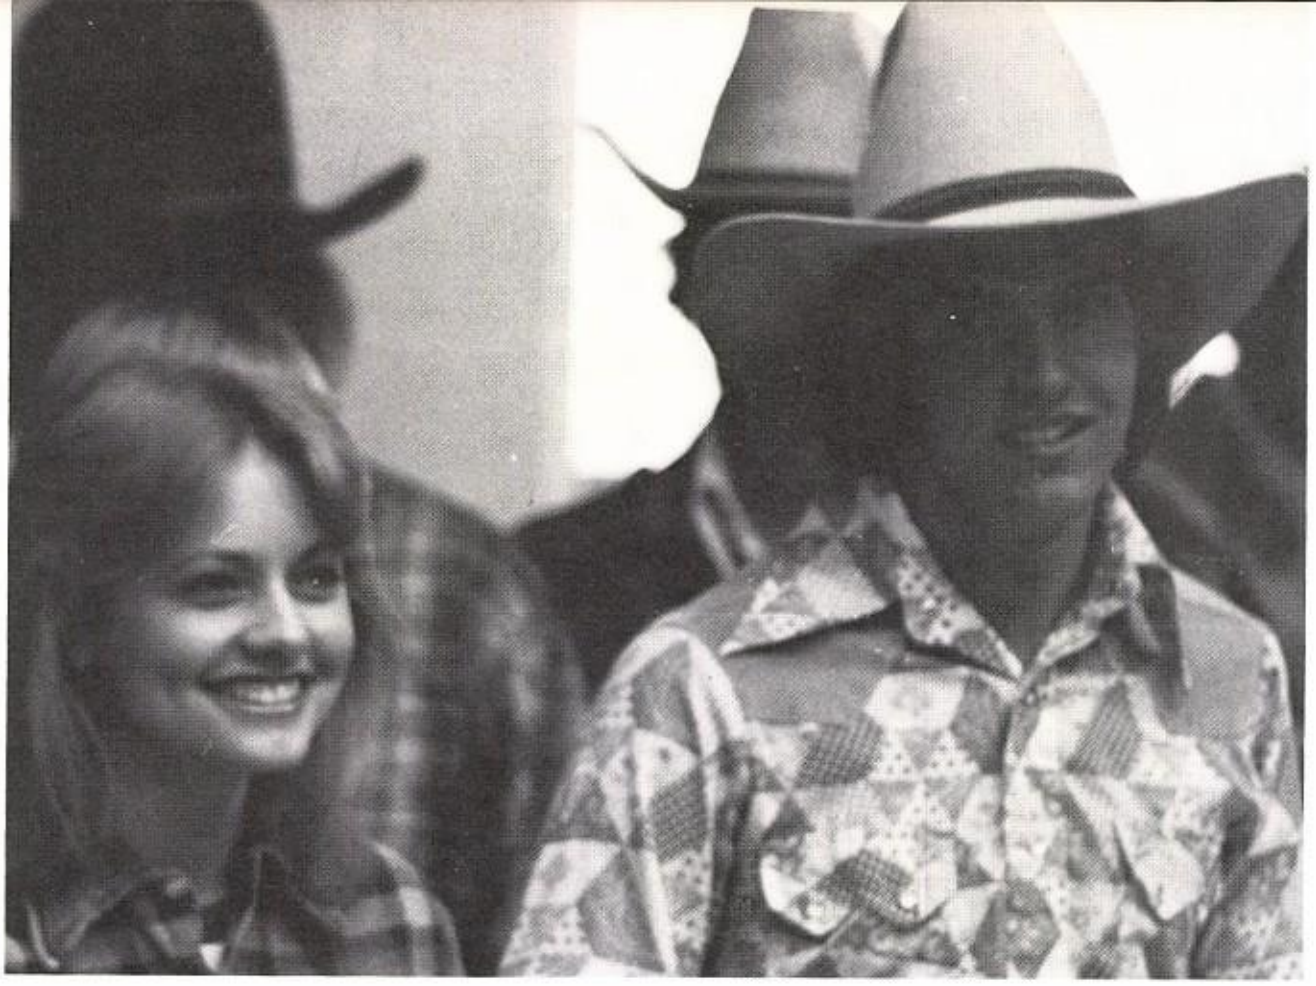
Personalities!!



In years to come, as I look back, how will I remember? Will I remember the year as it was or as I had wished it to be? Will I remember only the happy times or the disappointments? Did I utilize the days and the months to form lasting friendships with others or will the experiences we shared be lost forever with the closing of a book? Will I recall the good times of shared laughter that came from such simple things as eating ice cream, or enjoying the fresh spring sun? Was I alone or was I a real part of them? What will I remember?

Mr. and Miss DCHS

The student body of DCHS voted in February to select Kevin Northcutt and Linda Redwine to hold the honor of Mr. and Miss DCHS.

They were chosen for their outstanding leadership and school spirit provided by their participation in school activities.

Kevin was letterman in football and track. He was also chosen by the student body as a senior favorite, Best All Around.

Linda was head cheerleader of the Pep Club. She was chosen by the student body as a senior favorite, Most School Spirited. Linda is active in FHA, FBLA, and was selected to represent Key Club as their Sweetheart.

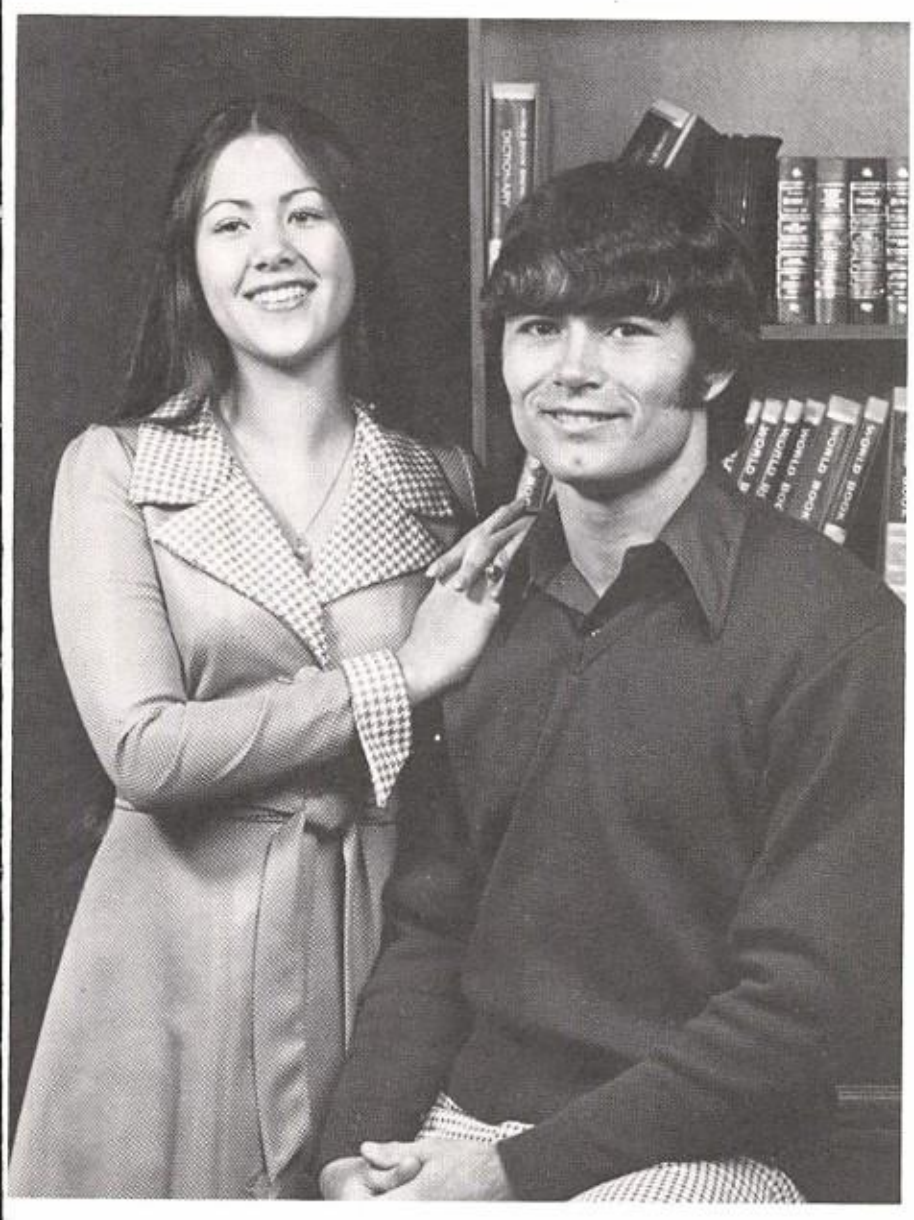
Fashion '76



What in 1975-76 sent us to the head of our class? The word is Fashion 76. They were found on the students at DelCity High. For the girls there were the longer skirts, big dresses with belts, big purses, scarfs and blow dry hair cuts.

For the boys there were corduroy pants, more men jewelry, mainly puca shells. Then of course, there were the ole favorite blue jeans. The only thing that changed about jeans was the variety of styles to choose from.

Part of the gorgeousness at Del City was the intelligence to design your individual standard which some of the students on this page demonstrated.

During the Powder Puff football game, both senior and junior boys supported their class. The boys helped the girls by coaching, cheering, decorating houses, and giving favors. The senior girls defeated the junior girls 14-0.

Such Happy Times

Those were such happy times,
and not so long ago.
How I wondered where they'd gone,
but they're back again
just like a long lost friend,
all the songs I loved so well.

Looking back on how it was
in years gone by,
and the good times that I had
makes today seem rather sad,
so much has changed.

It was songs of love that
I would sing to them,
and I'd memorize each word.
Those old melodies
still sound so good to me
as they melt the years away.

All my best memories
come back clearly to me.
Some can even make me cry.

Just like before,
it's yesterday once more.

Language Arts Reinforce

A person is judged many times by his ability to speak well and to write well. For instance, a man pointed out to me that he felt that people should have told him why it was important when he was taking English. He said they were so busy teaching him English they didn't tell him why it was important. He found that in the service when he wrote a recommendation for a person that the way he wrote it meant whether that person got a higher rank or not; and he didn't know how to write as well as he should have. You can't communicate any other subject unless you do it in written or oral communication.

Also in English we have literature; and sometimes people can see the practical part of the grammar and the vocabulary, but they can't see the importance of the literature. People learn to understand other people through reading about other people and their feelings. Anybody who has gone very far in his education always says that the reason he thinks he did well was because he read so much. He just read anything he could; but he learned to like to read because somebody influenced him.

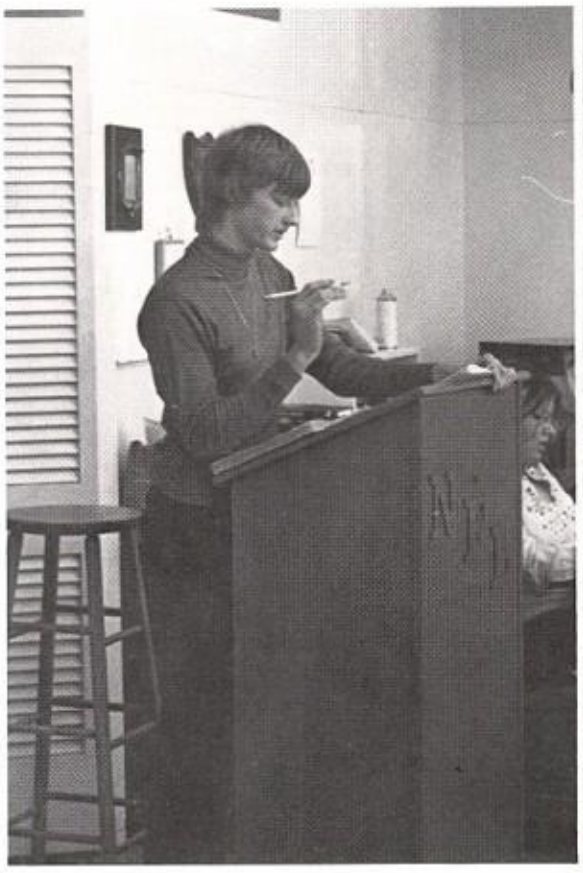
Speech, Debate Teach Perseverance, Deductive Reasoning

The thing about speech is learning to communicate. Everyone has to communicate whether they do it verbally or nonverbally. In Speech I we try to have actual experience in all the situations where we might be called on to speak. For a person going on to college, it's very vital that they have speech in high school because that is one course that is required for college. Communication is the key, I think, to our whole world right now in that we have to communicate not only among ourselves but with other countries. We do self-evaluations; we evaluate one another - we're not always aware of our problems. Until we become aware of a problem we have we can't correct it. This is one of the lessons we try to learn in speech.

As far as debate is concerned, the main thing that I try to teach is that there are two sides to every story; and sometimes more than two sides. We analyze a problem. We study the history of that problem and what happened in the past to create the problem that we have today. If we have problem X today and create law Y to take care of it, then maybe we're going to have some harms that grow out of the resolution that we try to use to solve the original problem. This is one of the main things that I try to teach in debate. We debate both affirmative and negative, meaning that we go for a change and then we try to defend not changing something. If a student can do both of these then he has learned to be objective and learned to use logic.

Mrs. Griffin



TOP RIGHT: David McFarland takes a negative stand in debate. ABOVE: Speech students study material in their books. MIDDLE RIGHT: Kathy Ryan, Theresa Savell, and Chris Stearman discuss topics in Creative Writing. BOTTOM RIGHT: Mrs. Goslin's class analyzes Scripture in Bible as Literature.

Fine Arts Encourage Self-Expression

Students should take vocal music for several reasons: for the fulfillment it brings in working as a group and then seeing that goal achieved; it teaches them team work and reliance and responsibility of their own; it gives the creative person the chance to develop the creative part of his personality and talent.

I think our facilities are above average. We have practice rooms with pianos in them, which is excellent.

Mr. Ron Staton

I feel that we have an excellent instrumental music program here at DCHS. The band members work hard throughout the complete school year. We are very fortunate to have a community that is as interested in us as they are. The band parents do a great job of running concession stands at athletic events, and the band greatly appreciates their efforts.

Being in band gives the student a chance to pursue a career in music, and we have produced many outstanding musicians.

Mr. Buswell

The speech and drama department offers the student a chance to express himself through speaking or acting. We have had a very good record of our graduates excelling in the areas of speech and drama.

Mrs. Long

The art classes try to teach the students the different styles of art, and also we give the students a chance to express themselves.

Students Learn

I think we have a good curriculum and a pretty broad base this year, of course there are some things we could always add. European History has been mentioned as well as a room just for showing films. As for quality, I think we've got a good staff. We added five new members to the Social Studies department this year, the biggest turnover we've had in a long time. We have some excellent young teachers and people like Mr. Burton and Mr. Wilhite, the old heads, that keep us on top. We hope to add some new classes to the curriculum next year, as well as to delete those that people feel are not important. We're always open for suggestions. I always ask my students what they would like to see offered or what they would like to have the opportunity to take. This is the way we get some of our classes.

Cultures As Well As Languages

I really feel that a person who has taken a foreign language receives a more well rounded education. In a foreign language class, it is important that the student learn as much of the language as possible; however, it is equally important for the student to learn something about the foreign country's way of life. After a student learns something about the customs of a foreign country, it enables the student to have more educated opinions about that country.

Most high school students are interested in a future vocation. Many businesses that used to do business strictly in the United States are now branching out to several foreign countries. We had a speaker from Parker Oil Company, Tulsa, Oklahoma, and he emphasized the importance of a foreign language.

One of the most valuable aspects of knowing a foreign language is the fact of self-improvement. A foreign language contributes to the personal growth and maturity of a person. After a conscientious study of a foreign culture, the individual will realize that foreign countries are both similar and different to our culture in the United States.

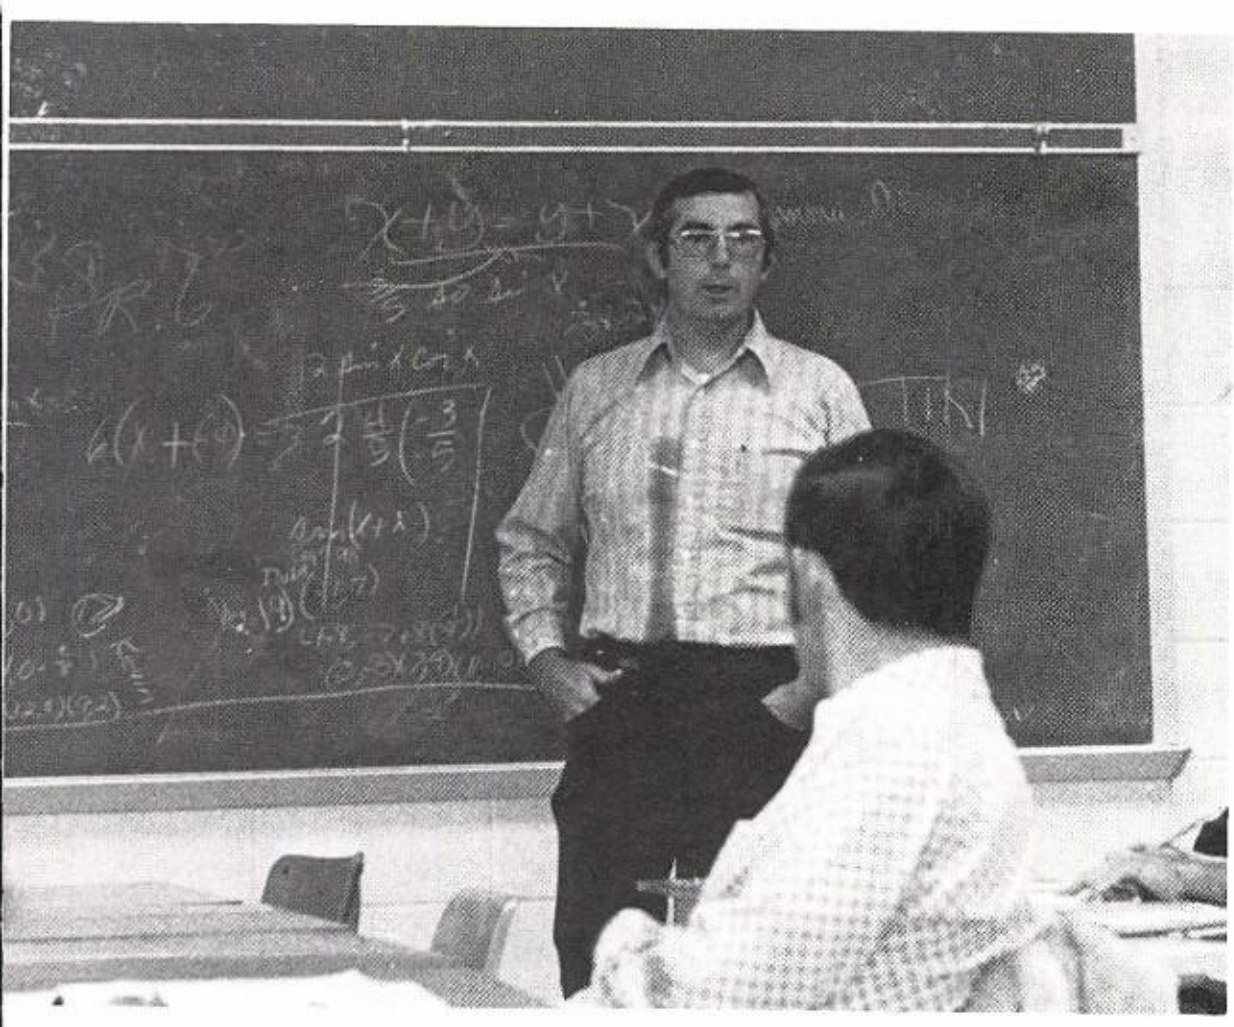
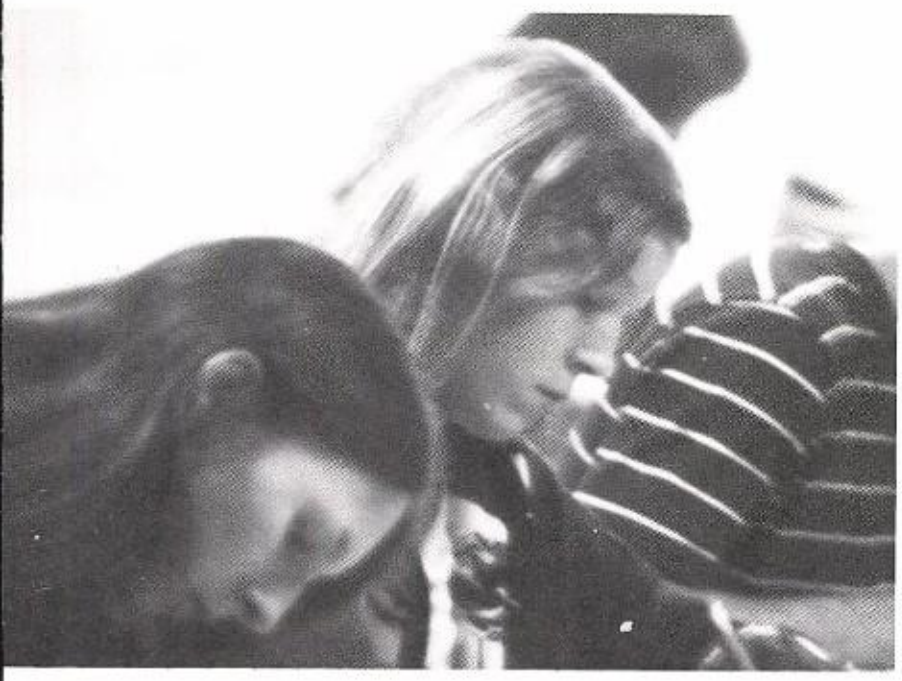
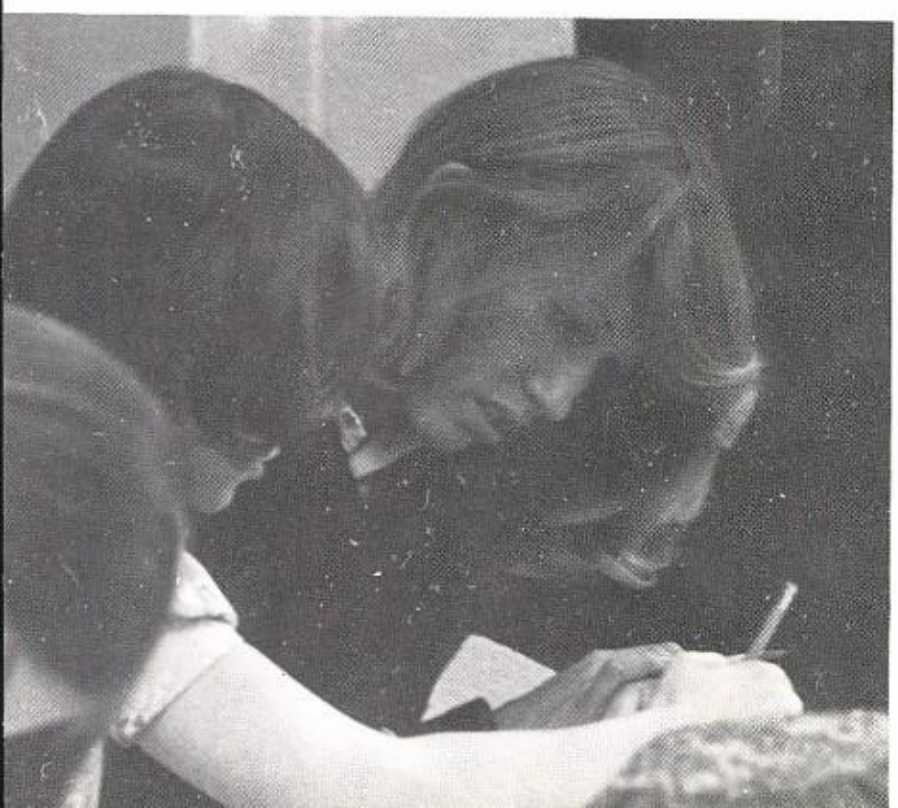
Create Higher Skills



The present curriculum in the math department was very adequate; however there are some needed additions to be thought about as far as upcoming courses. Equipment was available and all that was needed was located within the department itself.

As for the Science department, Mr. Jones added, we had a very adequate curriculum which covered the basic sciences needed by the general public as well as for the college bound student. However, equipment was limited. Some of it was never purchased and some of it was as old as the school.





UPPER LEFT: Mr. Newsom explains a Trig problem. MIDDLE LEFT: Janelle Garret and Janet Lambert worked on an algebra assignment. ABOVE: Mr. Holt watches questionably as students work on their assignment. LEFT: Melanie Dunn asks for help from classmate Sandy Kilburn on an algebra assignment.

Business Skills Applicable

Everybody should have business, because the world depends on business. Business is the biggest elective in the school, because students can go from high school to business jobs without having any other training. High school students can get many full time jobs after graduating.

In cooperative office education we have general office and secretarial office practice. The students go to classes in the morning and work in the afternoon. Many employers comment favorably on the DCHS student.

The civil service examination and the merit board examination are given in the spring to Del City students, and the ratings have been very good.

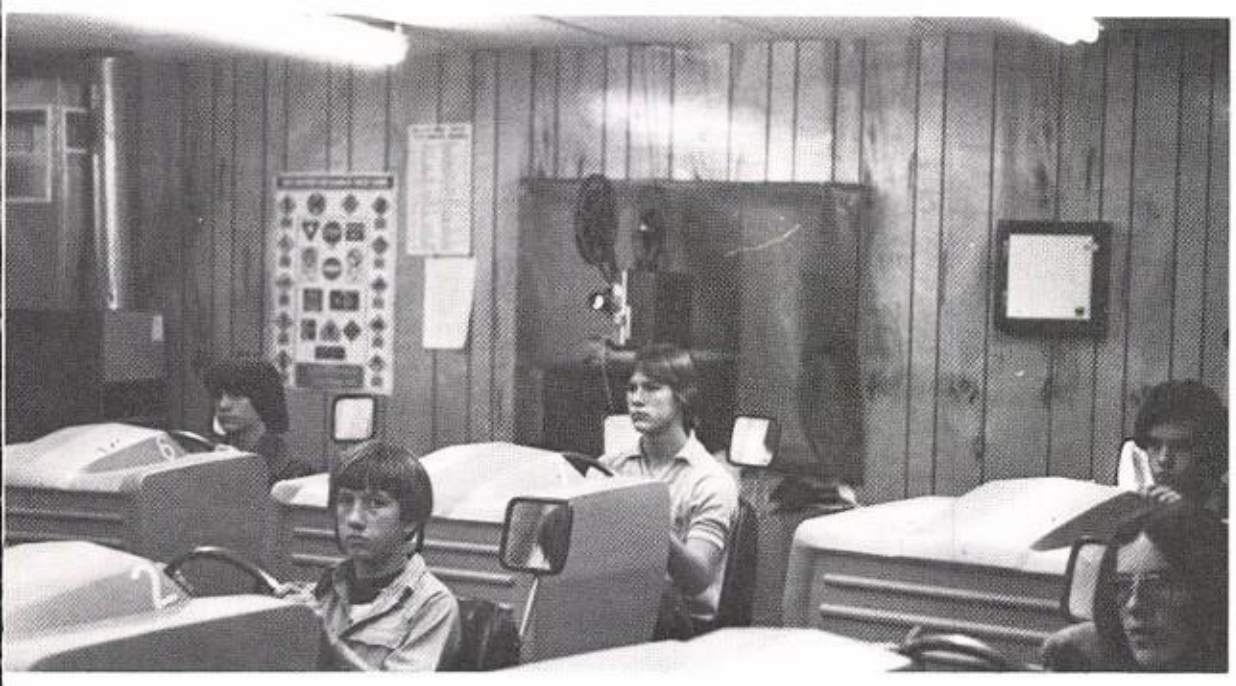
RIGHT: Charts and posters familiarize students with the innumerable traffic signs they may encounter.

Self-Preservation

With America's leisure time becoming greater, more of an individual's time is spent in an automobile. This being the case, driver education is probably one of the single most important things that a student could learn that could be important to his life. Math is important mentally, English is important, but they won't save his life. In driver education, if the student gets out of the course what he should, it is something that could save his life.

Mr. Maxwell



Students should take P.E. for their own enjoyment and to learn to carry over a physical activity so they can use it later on in life. It makes them better persons physically, mentally, and emotionally. They get the advantage of working together as a unit and meeting people under less stressful situations than in an academic classroom.

P.E. students should be taught to enjoy a sport for sport's sake. If they do enjoy it, it becomes a place where they can relax from the classroom.

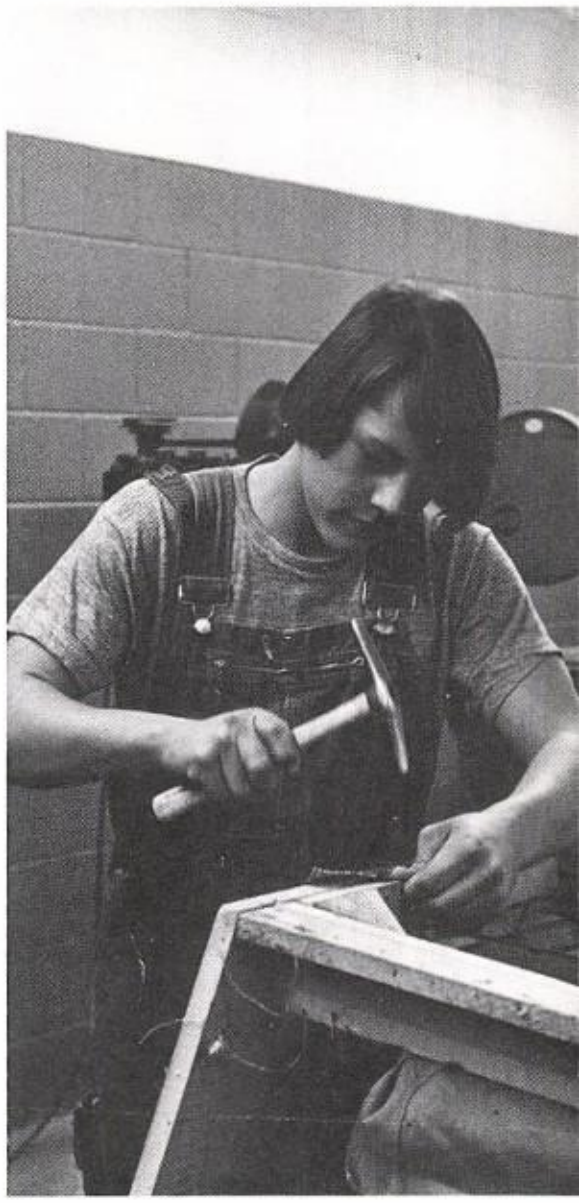
Vo. Tech. Offers Large-Scale



The mission of this school is to offer students an opportunity to learn a trade or a skill which they can sell after graduation.

Many of our courses give students good background material before entering college. This isn't a terminal education program where it ends at high school and they go to work.

We really do feel that it's not a new concept in education. Vocational education has been going on to some extent in our high schools since 1927; but, in the past ten years there has been tremendous expansion in vocational education. Legislation has provided some money for this expansion. This has helped to encourage schools throughout the country to expand their programs. This school district has arisen to the challenge very well.

Mr. Basil Jones

Specialized Programs Increase

Distributive Education students can work at anything that provides a service or sells a product. Being in DECA helps one to mature and assume the responsibilities of a job. The teachers of DECA provide helpful criticism for the students.

Sharon Evans, DECA President

The special education department offers a very fine education to those students who would have difficulty in the conventional classroom. Many of the students are on a work-study program. They go to school part of the day and they work the other part of the day. This gives the students a chance to prepare for the future. We have a very fine department that offers both individual and class instruction.

Mr. Dixon

People

Diane,
You a real nice
sweet and cute gal
You have a great personality
and I wish you all the
luck in the world
and especially with
your new job.
I'll miss you when
you're gone.
Take care
Sheryl and Jim

Board And Superintendent Make Decisions

Dr. Lewis Eubanks led the Midwest City-Del City school system through a very fine year. Dr. Eubanks was genuinely interested in the well-being of the schools in the Mid-Del area.

DCHS Presents New Principal

A new dimension was added to Del City High with the arrival of Mr. Leo Holland as new principal. Mr. Holland said that he was fortunate to be at Del City with such a co-operative staff and student body. He was constantly seen walking around getting the views and opinions of faculty and students. Through his many years of experience as an educator, he easily adapted to the atmosphere and varied attitudes of Del Citians.

Mr. Holland supervises the school.

The four counselors helped students from orientation all the way to graduation. No matter what problems the students had during the year, the counselors were always willing to lend a hand.

Each counselor had a number of students, but they took time out for each individual.

Diversification Offered In

Many times students fail to recognize the importance of proper oral and written communication for future success, in spite of the fact that the English teachers tried to stress the fundamentals of good writing and speaking.

The head of the English department was Mrs. Maxyne Kelley.

Mr. Richard Strahorn and Mr. Jim Corder were new additions to the English department at DCHS.

Don Branham, Psychology, American History
Kathleen Horton, Biology, Chemistry
Gladys Flood, Chemistry
Louis Jones, Physics

Math, Science, and Social Studies helped students who planned to go to college.

The Sciences are beneficent, they prevent men from thinking. If a man hasn't enough common sense, the more science he has, the better off he'll be. Math is like climbing up a steep craggy mountain, it fully recognizes your troubles, when once you've reached the top. History is a benefit also. You learn events that happen through the years of many famous people who lived.

Trades And Vocations

Big Businesses are superior economic tools by which to provide those things that constitute the physical basis of living.

Del City High School has classes which include typing, business machines, shorthand, notehand, and Cooperative office education. This provided requirements of good business men and women.

Secretaries Provide Assistance For The School

Tereas Modena, Delores White, Kathy Martin and Sheila Preble were kept busy in the main office. They issued school supplies to teachers, handled the school finances and took phone messages.

Pat Shield, Barbara Shuck and Ann Redman checked students in and out of school in the attendance office.

Lois Powers scheduled students to see their counselors.

Connie Roberts, a 1975 graduate of DCHS, was the Library Secretary.

Cafeteria And Custodian Personnel Work Hard

The cafeteria workers added a third lunch line which speeded up the service. More tasty delights were added to their menu. Some students even enjoy milk and rolls before school.

The custodians had duties throughout the year to maintain a clean appearance that DCHS is proud of.

WHAT IS A SOPHOMORE?

A sophomore is a special breed of high school students. Formerly, they were the "classy" class of their cherished junior high school; now, they stand in the shadow of others, eagerly awaiting their chance to regain the spotlight.

Del City's sophomores were an exciting and invigorating group. Quickly they forgot their junior high antics and acquired new high school habits. Their hopes of obtaining the certificate of social competency, the driver's license, was met with anxious moments. Yet, the year was bright and memorable.

ABOVE RIGHT: While his classmates study, Doug Cookston relaxes in childhood memory. LEFT: Sophomores forget that phones have homes too! BELOW RIGHT: Sophomores learn that cars can't run unless they have gas in them!

WHAT IS A JUNIOR?

A junior is a middle class citizen of the high school social system. He's on an elevated plateau, over-shadowing the young and eager sophomores. Yet, he is still a notch away from the older and controlled senior class.

The juniors at Del City High were thoroughly optimists. Every breath of air brought new vitality and wisdom to their refreshing souls. Their accomplishments rivaled those of the seniors, bonding the school in a spirit of tranquility.

WHAT IS A SENIOR?

A senior is the epitomizing example of a satisfied high school student. He struts down the halls he knows so well, casually exchanging greetings with other friends. His presence is felt, and he knows it.

Yet, the senior suffers from an inflicting and incurable disease that has puzzled the medical field for years. "Senioritis," as it is technically known as, strikes every able-bodies senior with pains of free spiritness.

These pains, however, are well-deserved ones. Through the trials and tribulations of high school years past, the senior has seen the future grow into reality. He seems satisfied, and reasonably so.

ABOVE RIGHT: Cheryl Quiggly works on the dreaded term paper. ABOVE LEFT: Brian Martinez continues his habit of "accidentally" showing up late for first hour.

ABOVE LEFT: Scott Hansen shows that seniors never lose their charm. ABOVE RIGHT: Debbie Lancaster takes a break from her "rigorous" schedule. BELOW: Mark Goeller does what seniors do best - hustle!

SENIORS —

The students of the 70's are open-minded and objective. They are goal-oriented young adults with a serious concern for the future. The economic conditions, political propaganda and social mannerisms that confront current times are absorbed by these students.

The cultural aspects of American society affect the way seniors feel. To many, the year is not a time filled with parties and frolicking fun, but a time filled with work and depressing worries. The ever present future looms so close and so much more mysterious. Financial worries become a constant threat. Jobs alleviate some of this pressure, but the need for a car and its repairs quickly restore monetary despair, the future is on everyone's mind.

To many, college seems a logical choice. Yet the begrudging feeling of what a college education will really lead to causes more confusion. Many feel that it isn't worth the effort to totally thrust all their future into a college degree, which in the end, may still put them waiting in the unemployment line.

The pressures of the future have a burdening effect upon the seniors. Their attitude towards classroom grades changes drastically.

Some, anticipating the first year of college, neglect class activities apathetically. Others, hoping for academic awards, hit the books even harder.

The whole attitude of seniors in fact, changes. The glitter of high school life, that filled their energetic, young junior high hearts, is lost in the rustic lighted halls of DCHS. No longer is high school a momentous era, it is only a time period in life's games.

For many, high school is the end of their formal education and the beginning of earning a living. Some will go into the military or work for the government. Others will seek alternate routes, patiently waiting for everything to fall into place. Some will make it. Some will not.

The end of high school means the end of many athletic careers. Pep rallies, homecoming, crowded gyms, smiling queens, the MWC rivalry - all will be just cherished memories. For the gifted few, their athletic careers have just begun.

With the last ring of the school bell, school will end. Many of the friends that they shared happy times with will no longer be seen or heard from. Their life patterns will drastically change. The football hero will now collect paychecks instead of touchdowns. Girls will worry about their husbands instead of their boyfriends.

The change will just be a part of it all. The senior year is a conglomerate mixture of the past, the present, and the future. It is just a part of life's continuous cycle. It is the beginning of the end.

THE BEGINNING OF THE END

Dianne,
I'm signing this page because I'm a sports freak. I've really enjoyed having you around. You're really been a good friend. You're really cute and quiet. Stay that way and you'll go far. Don't do anything I wouldn't do and stay out of trouble. Good luck with your boy-friend. Come around or call this summer. I'm other words keep in touch. 477-8945 2200 nicknames. Good luck in everything you do.

Love always,

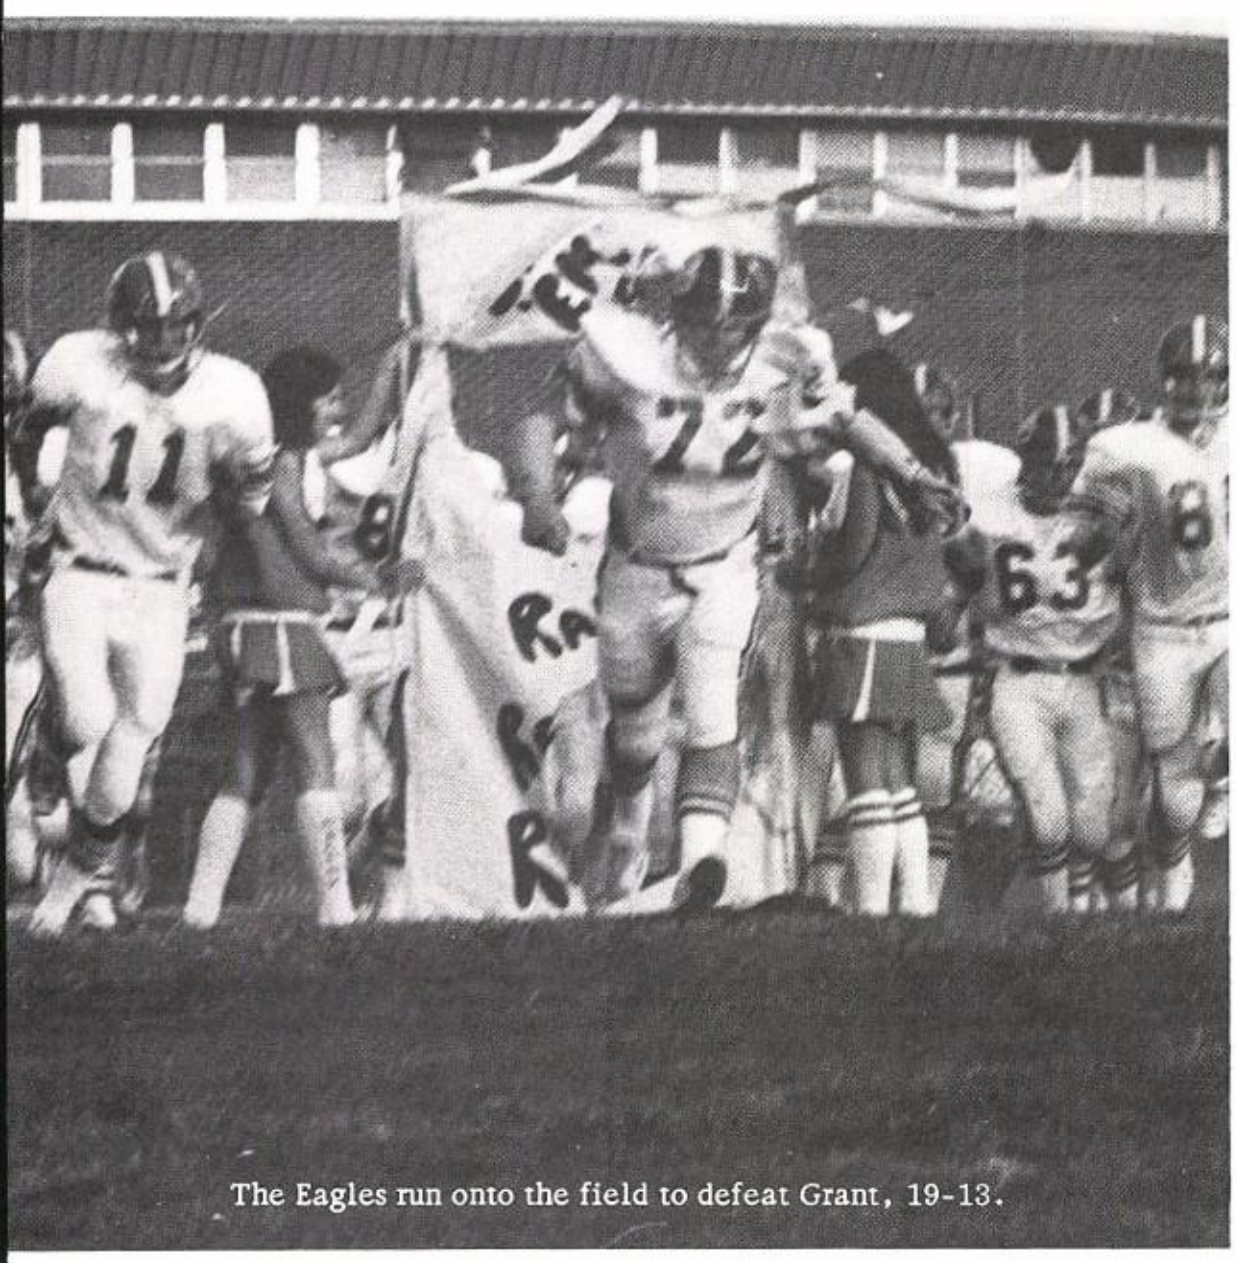
Eagles Show Their Power

The Eagle season started with the Eagles being the first to use the new tie breaker rule in defeating U.S. Grant 19-13 in overtime. The Eagles gained momentum as they out-scored Moore 12-3. The next two weeks the Eagles stomped Northwest 16-0 and soared over John Marshall 33-16 at Taft Stadium. The Eagles ran over Carl Albert 37-0 in an overwhelming homecoming victory. But terror struck the hearts of the Del Cityans as Midwest City dealt a hard defeat 28-0. The Eagles came back with a 14-13 victory over Southeast. But again the Eagles were defeated by Putnam City 21-0. The Eagles couldn't be outdone as they defeated Edmond 19-15. The last game of the season against Shawnee added a final victory 20-14 for the Eagles best record ever.



The Eagles run onto the field to defeat Grant, 19-13.

This proved to be an exciting and successful season for the mighty Eagles as the new coaching staff, lead by Henry Manning, seemed to give the guys plenty of pep and steam. The other new coaches were Craig Wiseman and Rick Harvey, varsity coaches. Winston Havenstrite and Richard Strahorn were the new Junior Varsity coaches.

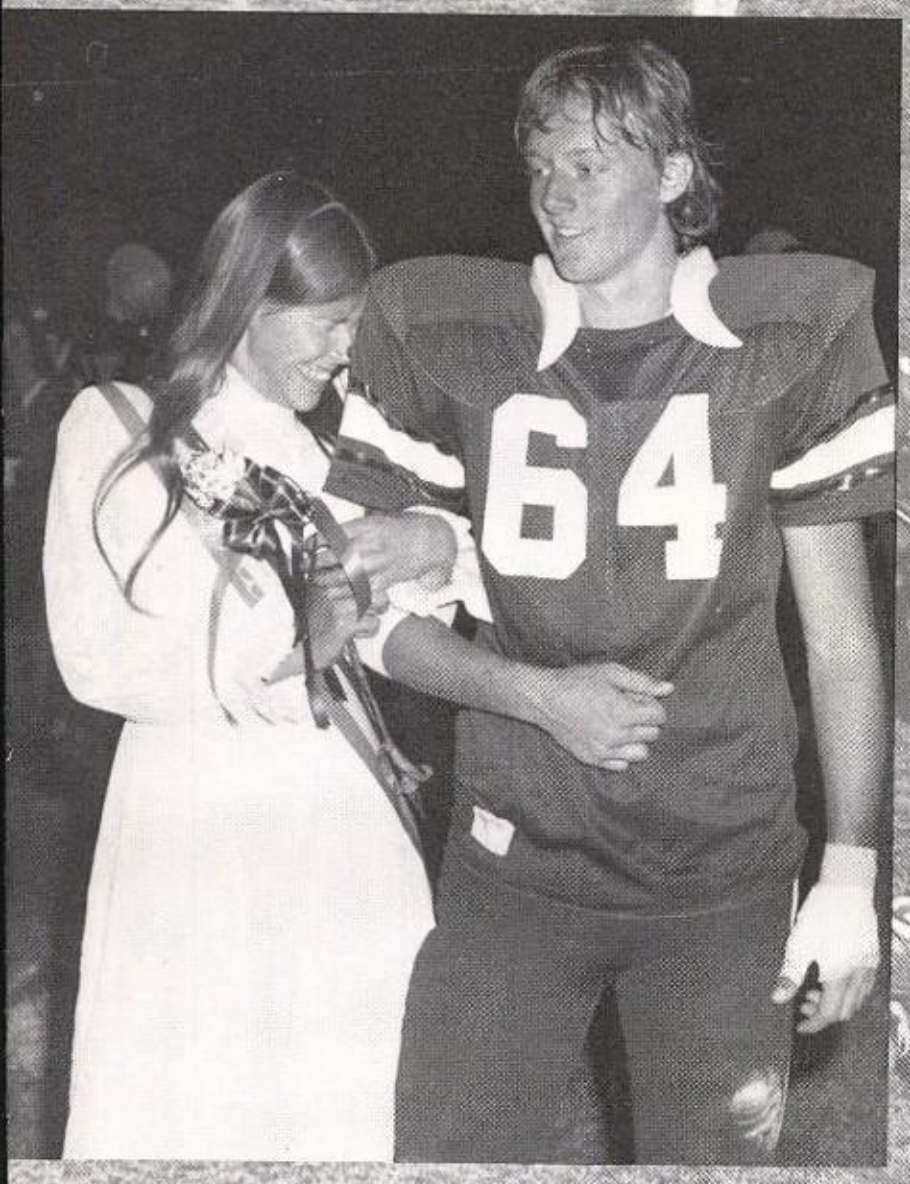
Football Court Chosen



Starting the 75-76 royalty homecomings of the sports session, Miss Paula Ross received the honor to reign as football queen.

Being the first year for Paula at Del City she became active in school activities. Paula is active in Pep Club, Tri-Hi-Y, Quill and Scroll, and is on the Yearbook staff.

At the October 3rd, Homecoming half-time activities, Paula was escorted by Chuck Smith and was crowned by Kevin Northcutt.

Young Team Shows Promise

Harriers take a break before the start of the race.

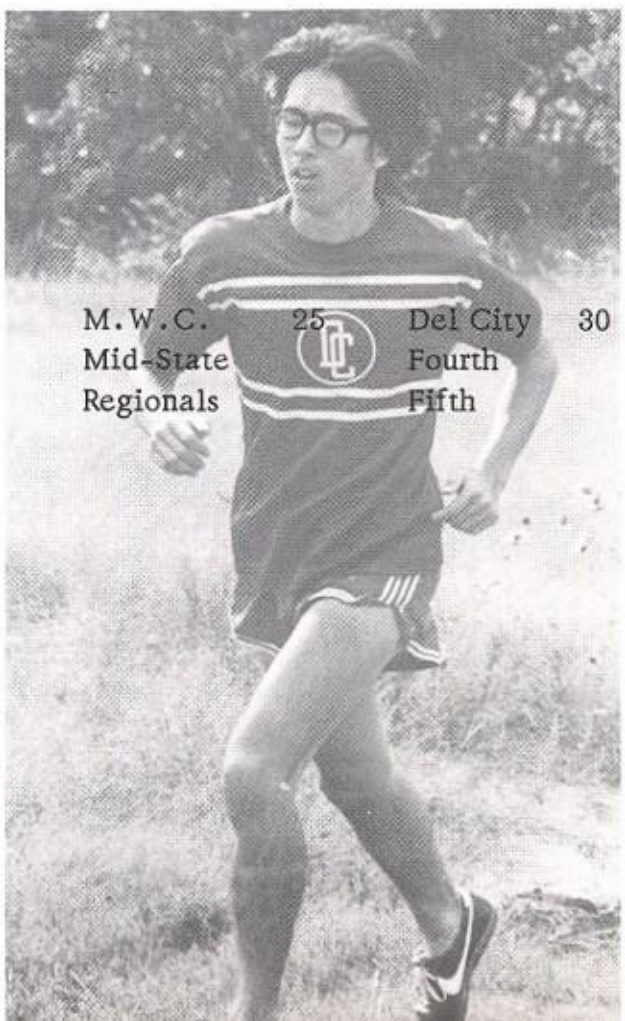
The cross country season brought high hopes of success to the young harriers. Three senior lettermen returned to pace a team with high potential.

Lackluster performances, though, marred the team rankings at many meets. Bill Keene, Mike Yberra and sophomores Charlie Cedeno and Rick Mauk, along with seniors Mark Goeller, David Workman, and Bill Church, combined to bring Del City a fourth place finish in the tough Mid-State Conference meet. The Eagles surprised everyone by grinding to a fifth place finish in regional competition, sending one runner to state.

The future looks bright with five of the top eight runners returning next year.

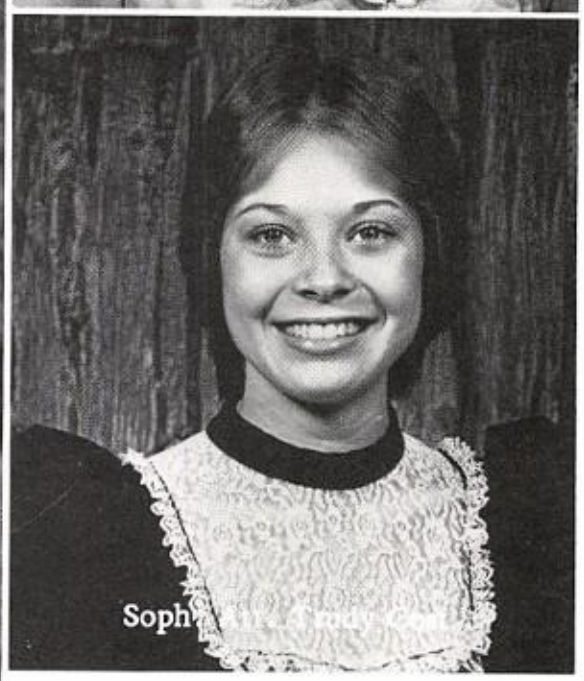
ROW ONE: Bill Keene, Charlie Cedeno, Bill Church. ROW TWO: Mike Yberra David Workman, Mark Goeller, Ricky Mauk.

Senior David Workman paces his race.



Cross Country Queen Crowned

Cross Country Queen Jennifer Zakariassen



Soph

Jennifer Zakariassen was chosen to reign as the 75-76 Cross Country Queen for DCHS.

Jennifer was an active member in Pep Club and Tri-Hi-Y.

The coronation took place on October 31, 1975, in the DCHS Fieldhouse where Jennifer was escorted by Mark Goeller and crowned by David Workmen.

Season Falls Short

The Eagles started the season anew, since they lost all their past starters. The team started with a crushing blow from Putnam City West, but bounced back by defeating Grant, Moore, and Edmond. Putnam City beat us with some difficulty. The Eagles took 6th in the Putnam West Tournament and 4th in the Midwest City Tournament. The Eagles were defeated in the next 5 games, but they came through with 2 seconds left to beat Midwest City 61-59. The Eagles traveled to Edmond to be defeated 62-57. John Marshall took over in the 4th quarter to defeat the Eagles 62-59.

The Eagles look forward to a successful season next year due to many returning starters.

LEFT: Pep Club wishes Eagles luck for homecoming. BELOW LEFT: Denny Crabaugh concentrates on shooting a free shot.

Girls Take Mid-State Conference

The girls started off their season with a close victory over Moore 43-42. The next week the girls went to U. S. Grant to start off the Mid-State Conference with a 76-46 victory. They picked up two more wins in the Mid-State Conference before they went to the Lindsay Tournament. The girls had a narrow defeat by Colbert, won their second game, and then in the last 8 seconds were defeated by Latta to take 6th in the Lindsay Tournament. The girls defeated Grant and Northwest, but were defeated by Choctaw 53-59.

The second Tournament of Champions started off with the girls defeating unbeaten El Dorado to go to the winners bracket. The girls were defeated by number 1 ranked Lindsay and number 2 ranked Choctaw to take fourth. The girls went on to defeat John Marshall, Midwest City, Moore, Putnam City, Northwest, and Edmond to wrap up the Mid-State Conference title.

The 1975-76 wrestling season opened with the Eagles promising a great season to come, with seniors LeeRoy Smith, David James, and Randy Wilson leading the way. The Eagles were only defeated by Altus, Midwest City and Putnam City. They came in third at the Geary Tournament, Midwest City Tournament and at Mid-State. They placed fourth at regionals, sending four wrestlers to state. LeeRoy, David, and Randy all brought first in each of these tournaments. John Cosby took first at regionals and has come a long way in adding points up for the Eagles. Sophomore David Rackely also contributed to the team tallies. The season proved to be an outstanding one for the Eagles.

Tracksters Roll

Coming off the best track season in Eagle history, the Eagles continued to roll. Displaying the power and balance that has made them the perennial track team in the state, the tracksters opened the season with a victory at the MWC Indoor Invitational. A few bad breaks hampered the Eagles at the Coaches Indoor Games and they finished a close second.

Balance was the key to the Eagle's quest for the state championship. Versatile Randy Scott was Del's six-million dollar man, as he displayed in the hurdles, sprints, relays, and the pole vault.

Other star worthy performances came from hurdler Kendall Brown and quarter-miler Billy Thomas. The distance and field events added further bulk to the Eagle's scoring power.

The season was a mixture of many things, combining to give Del City an advantageous chance at repeating as Mid-State and Regional champs, and an excellent shot at the state title.

Eagle Practice Showed Promise Of Winning Season

Mr. Baseball, David Wood, warms up.

For the 1975 season, the baseball team was very successful. They took first place in Mid-State, and also first place in regionals. The 1976 season started with the addition of two new coaches, Mr. Winston Havenstrite and Mr. Rick Harvey. With the combination of several returning players and many new boys, the baseball team had a very rewarding season.

One of the busiest and most frequented areas of our school was the library. Well over four hundred students made use of this area every school day. Because of the steadily increasing usage of the library and its material, many new volumes had been purchased and an expansion plan had been approved that provided much needed seating and shelf space.

A Library Science course was offered and students were allowed to enroll for high school credit. As well as regular classwork and duty assignments within the library, the classes took field trips to many state colleges and universities to become acquainted with the different types of libraries, media centers, and resource centers within the state.

The Library Club has been very active this year. The club hosted the administrators at its annual breakfast held during National Library Week. Highlights of the year were a Christmas buffet, a spring picnic, and several theater-dinner outings.

'75-76 Is A Success For History Club

The History Club enjoyed a fulfilling and prosperous year. Outstanding participation of its large membership contributed to the overall success of the year.

Model United Nations, held in various parts of the state, proved educational and worthwhile to History Club delegates attending. A trip to Northeastern Oklahoma to various museums and attractions contributed to the historical aspect of the organization's activities.

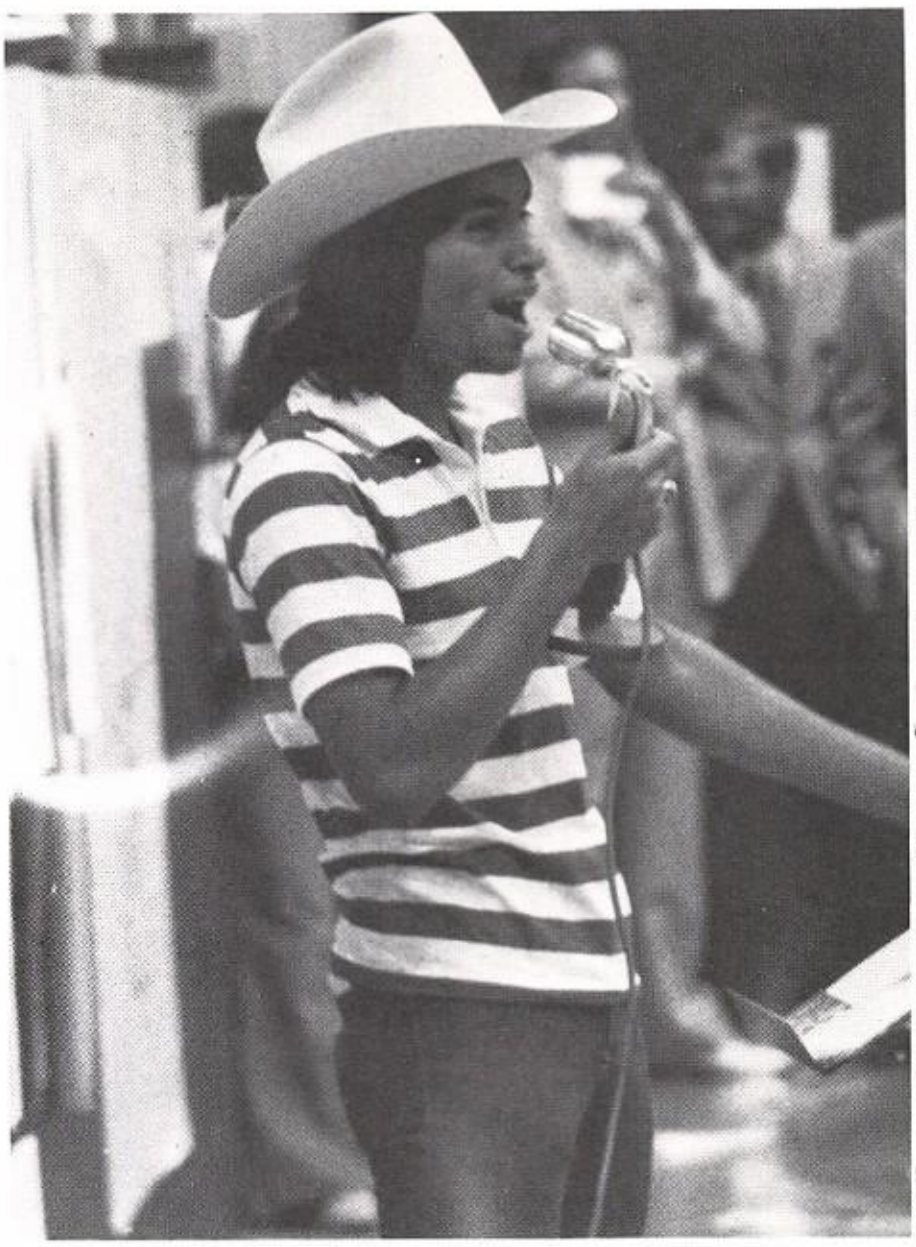
Student Council Works Hard For



Student Council helped students change many things they disliked at Del City High this year. They worked hard for school enthusiasm and participation. Some Student Council members and students attended many workshops to find new ideas on how to improve our school.

The Student Council Bookstore helped students out when they were in need of pencils, papers, kleenex and such things.

The Council welcomed Mr. Dick Logan as a new sponsor who worked alongside Mrs. Gladys Flood. The Student Council representatives and officers sold homecoming mums and bumper stickers as fund raising projects.

New Club Has Many Members

Members of the yearbook staff and the journalism classes had the opportunity to join the international club of Quill and Scroll. Although the club was formed late, many interested students joined. Members were required to have an average of 3.3 or better and to be enrolled in a journalistic class. During an initiation banquet members received pins and became officiated members.

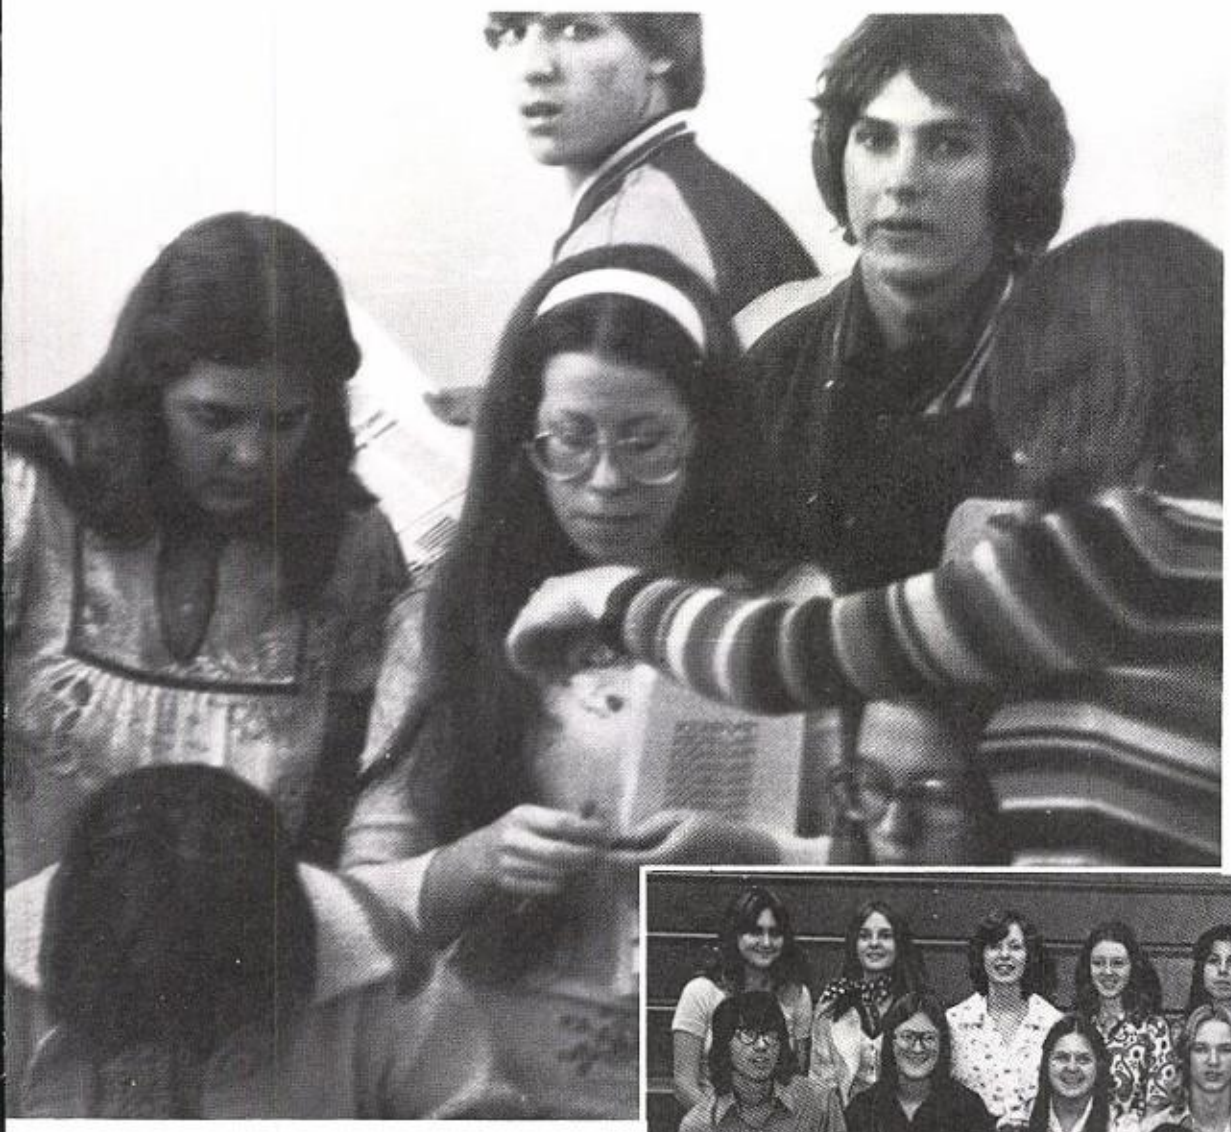
Eagle Beacon Has New Style



Due to the new approach of the Eagle Beacon Staff, the Eagle Beacon had a record circulation of copies sold per week. The staff's skill provided the school with a new and better newspaper. With the paper sales to Junior High students as well as Senior High students, the staff raised enough money to publish the Eagle Beacon weekly.

New Staff Shows Skills

The new yearbook staff used all their skills in trying to publish a great yearbook. There were only five old members on a staff of twenty-nine. With their experience and the determination of the new members, the staff met all deadlines in a great effort to give the school the best.

Mr. Corder, the new sponsor, worked hard to keep the staff organized and on their toes. One of the new members was a sophomore. This was the first time at Del City that a sophomore was on the yearbook staff. With all the hard work, the staff still found time to participate in building a float for the homecoming parade and to hold their annual Christmas party.

Thespians Produce Plays

Thespians is an international group of young performers and people who are interested in the production of the stage. To be a member of Thespians a student must have acquired ten points by working on various things during a school production. Members of the group participated in school plays which were held in the newly remodeled auditorium. Thespians held their annual "Ugly Contest" as a fund raising project.

Pep Club Enjoys Displaying Spirit

Promoting spirit in the school has not been the sole purpose of the Pep Club this year. They have been sponsoring dances, having banquets, doing favors for football players, and making and putting up signs in the halls of the school. The Pep Club Banquet, at Christmas and at the end of the year, are the more popular of the activities done by the Pep Club.

Cheerleaders And Officers Keep

Pep Club Cheerleaders and Officers helped promote school spirit during pep assemblies and football games. They worked hard to keep the pep club organized and to plan various activities that the members would enjoy. They held sign-making parties, had banquets and many fund raising projects.

The cheerleaders attended many contests and brought home many awards and trophies.

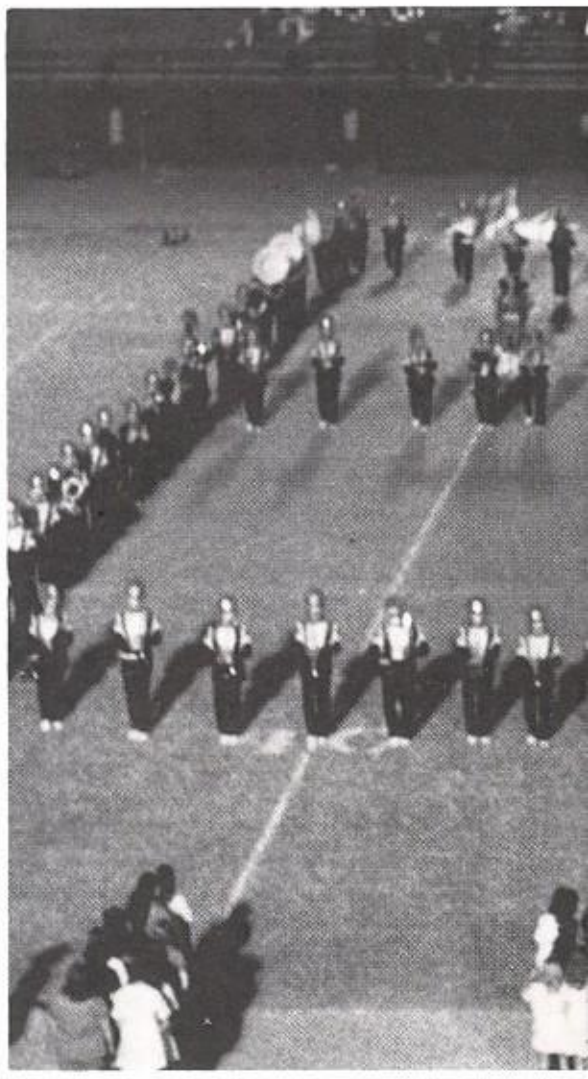
Band Strives For



The DCHS Band, under the direction of Mr. Albert Buswell and Mr. Bob Goodner, brought home ten trophies from district contests, and then went on to take sweepstakes in the Spring of 1975. The band worked hard practicing every morning at 7:00. The band marched in numerous parades and performed in several contests throughout the year.

In the spring of '75, the band sold popcorn and fruitcakes in order to send themselves to Corpus Christi, Texas, to play in a multi-state musical festival.

Directors Strive For Perfection

Band Directors Mr. Bob Goodner and Mr. Albert Buswell spent many hours outside school as well as during school in preparing our band for contests and concerts. Patiently, they practiced with the students, and succeeded in producing an excellent band. With their skill and experience the directors helped students better themselves on their instruments and taught them a lot about music. Mr. Buswell's and Mr. Goodner's devotion to the band helped in bringing home many trophies and awards from the contests the band attended.

GRADUATE: IF YOU'RE WONDERING . . .

You have a tough choice. Picking a career with a good future — with free training — from one of over 400 jobs. Deciding where to go free during your 30 days paid vacation the first year. Knowing that all your medical/dental expenses are taken care of, and that your food, housing and clothing are free. Taking responsibility immediately after training in one of many locations around the world. Yes, it's a tough choice. You'll love every minute of it.

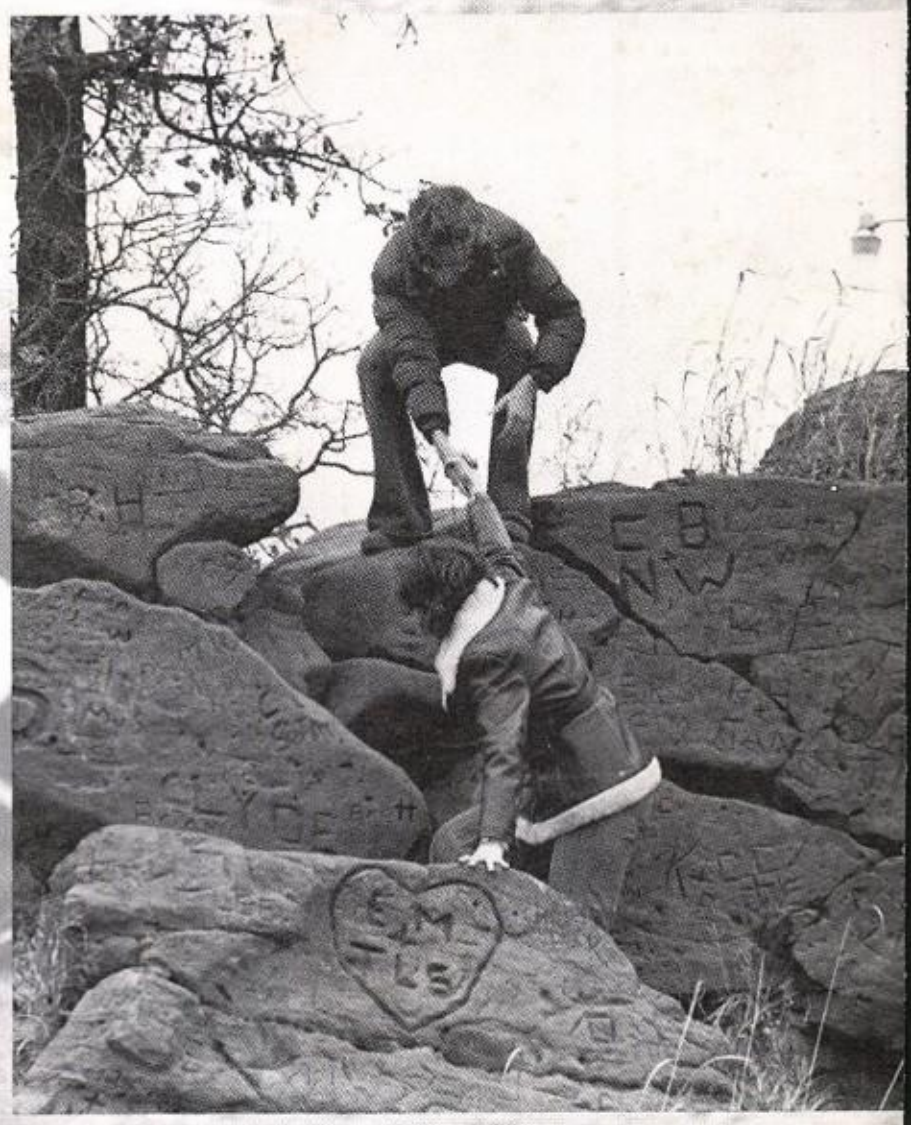
School Year Memories



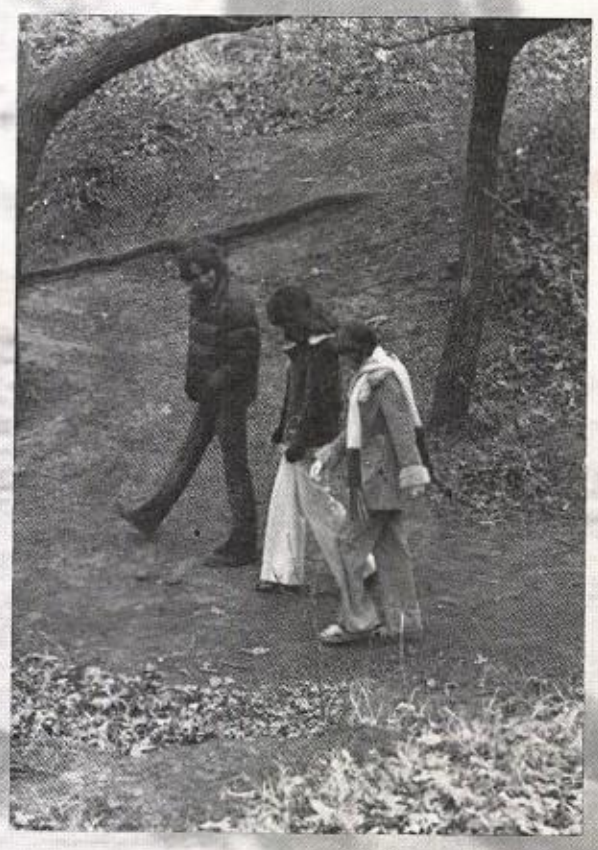
ABOVE LEFT: Cheryl Purdon. ABOVE RIGHT: Ray Powers. BELOW RIGHT: A helping hand can always be used. BELOW RIGHT: Jennifer Zakariessan and Mark Goeller.

Linger On

The high school years are filled with lasting memories - some sad, some happy. It is a time when the world seems to stop, letting us decide whether to stay on, or get off. We look back fondly on memories, but also see remorse. Life seems so vast, so mysterious, almost futile. Yet, we continue to grope our way through the darkness, for the sliver of light's hope awaits.

Our community, our school, mean different things to different people. To some, it is their whole life, to others, it is just a short break from their endless exodus. To all, though, it is a time of living and learning.

We seem to want to fight our society and just break away from it. But we can't. We then seek the comfort of friends and a place of solitude. Here we can gather our thoughts and feelings. And then, the cars, the stores, the crowds, all are easier to cope with. And we are relieved.



ABOVE LEFT: Jimmy McCann. BELOW LEFT: A light moment of happiness is easily expressed with friends. BELOW RIGHT: A walk with friends can relieve built-in frustrations.

Our Red-Letter Year was filled with moments of great tribulation and memories. The future does indeed look bright. Although happiness seemed synonymous with the year, two sad tragedies greatly affected everyone's life. At this time, the Del City Yearbook wishes to pay our deepest regrets to the families and friends of two Del City High School students, John Randall Price and Linda Ann Birnbaum.
